

ART & DESIGN (B.F.A.)

The Bachelor of Fine Arts (B.F.A.) degree in Art & Design is designed to provide students with a comprehensive course of study consisting of a minimum of 72 credits in visual arts courses. The B.F.A. degree can lead directly to graduate work for a Master of Fine Arts (M.F.A.) or to professional careers in the Studio Art and Graphic Design fields. To be eligible for the B.F.A. degree, students must first be accepted into the Bachelor of Arts (B.A.) program in Art & Design.

The B.F.A. degree is organized into the following three options:

- Graphic Design
- Studio Art
- Studio/Design

Graphic Design Option

Graphic Design is the art of visual communication. This major option provides students with a comprehensive understanding of graphic design by facilitating the development of their conceptual, aesthetic, technical and collaborative skills in the context of practical problem-solving experiences. Students in the Graphic Design option create printed and electronic communication that includes: websites, illustration, corporate logos and identity systems; posters; publications; packaging; exhibitions; animation; and mobile media applications. Graphic Design B.F.A. graduates find careers in graphic design studios, advertising agencies, marketing firms, corporations, cultural institutions, publishing, and film, television, and technology industries.

Studio Art Option

The Studio Art option introduces and fosters the individual development of seven major areas of study: art history, ceramics, drawing, painting, photography, printmaking, and sculpture. Throughout introductory, intermediate and advanced courses, a balance of theoretical and technical knowledge is emphasized. All accepted candidates mount a B.F.A. solo thesis exhibition as a graduation requirement. Studio Art option majors for the B.F.A. degree are prepared for future careers and graduate study in fine arts, photography, design, art history, art therapy, and education. Graduates of the Keene State College Art and Design Department can be found working within the fields of museum studies, gallery management, non-profits, media services, teaching and exhibiting their artworks as professional artists.

Studio/Design Option

The B.F.A. Studio/Design option offers a combination of Studio Art and Graphic Design courses. This option is designed for motivated students with interest in developing their abilities in two fields of professional visual artmaking. The Studio/Design option program is designed to meet a variety of student needs through art courses in art history, ceramics, drawing, graphic design, painting, photography, printmaking, and sculpture. This B.F.A. option provides a foundation in the theory and practice of art and design, exploring the creation of images, video, sound, and three-dimensional forms across a broad spectrum of media artifacts. Through the program's breadth and variety, students are encouraged to develop their skills and broaden their knowledge in courses that prepare them for graduate school and/or a range of careers in the studio/visual arts and graphic design.

Acceptance into the B.A. Program (Required)

To be eligible for the B.F.A. degree, students must first declare their major in the B.A. program in Art & Design. Students can be admitted directly into the Bachelor of Arts program in either the Studio Art or Graphic Design option by indicating their intention upon acceptance to Keene State College. Otherwise, students are asked to declare their major in Art & Design preferably by the first semester of the sophomore year to ensure timely completion of degree requirements.

The B.F.A. Portfolio Review

Once declared as a major in the B.A. program in Art & Design, students may elect to pursue the more intensive B.F.A. degree. Acceptance into the B.F.A. options in Studio Art, Graphic Design, or Studio/Design is based on assessment by Art & Design faculty of a portfolio consisting of ten to fifteen pieces of college-level artwork by the applicant. All work must be properly identified with the following information: name, medium, size, course title, and date of execution. Submitted portfolios must have a written statement of personal educational goals, an official transcript (KSC and other colleges), and be submitted to the Art & Design Department prior to the posted portfolio deadlines (see below). Following acceptance into all B.F.A. programs, students will consult with their assigned academic advisor and submit a new declaration of major form to the Registrar's Office.

The Graphic Design Option Requirements

Students may apply to the Graphic Design option after completion of a minimum of 6 courses (24 credits) that must include the Foundation Core (12 credits), ART-160 Typographic Form and Function, and ART-253 Digital Imaging. Students are expected to have maintained a minimum cumulative GPA of 3.0 in these 6 courses. Acceptance to the B.F.A. program is based on an assessment of a portfolio of artwork from these courses (see above).

In the beginning of the fall semester of their sophomore year, all students seeking the Graphic Design option for the B.F.A. degree will submit a portfolio (see above). Students not accepted into the B.F.A. Graphic Design option will remain as B.A. students and are eligible to reapply for the B.F.A. program in the next year's portfolio review.

Individuals whose GPA falls below the 3.0 minimum standard or whose design work is not at the appropriate level for the B.F.A. degree by the beginning of their second senior-year semester (or equivalent) will be returned to the B.A. degree program and will only be allowed to reapply for the B.F.A. when the above requirements are met.

The Studio Art and Studio/Design Option Requirements

Students may apply to the Studio Art or Studio/Design option after completion of a minimum of 6 courses (24 credits). For the Studio Art option, these must include the Foundation Core (12 credits) and an additional 12 credits, not counting 200-400 level art history courses, in Studio Art.

Studio/Design option applicants must take the Foundation Core (12 credits), ART-160 Typographic Form and Function, ART-253 Digital Imaging and one additional major requirement course as part of the 24-credit minimum. Students are expected to have maintained a minimum cumulative GPA of 3.0 in these 6 courses. Acceptance to the B.F.A. program is based on an assessment of a portfolio of artwork from these courses (see above).

Accepted B.F.A. Studio Art and Studio/Design option students will have the opportunity to have an individual studio space and work one on one with an Art & Design faculty mentor. All accepted candidates will mount a B.F.A. solo thesis exhibition as a graduation requirement. Candidates in the B.F.A. Studio Art and Studio/Design options will meet with the B.F.A. Committee after their completion of their B.F.A. Senior Exhibition. The Committee will conduct an oral review in which candidates will field questions and outline for a mixed audience the related to process/concept/realization of their exhibition material.

All B.F.A. candidates must maintain a minimum cumulative GPA of 3.0 in the major (Art & Design courses). The B.F.A. Committee will also conduct mid-level reviews of accepted students during the fall semester of their senior year. The purpose of the review is to assess the candidate's progress toward the completion of the degree as well as the development of their artwork. Individuals whose GPA falls below the 3.0 minimum standard or whose art and /or design work is not at the appropriate level for the B.F.A. degree by the beginning of their second senior-year semester (or equivalent) will be returned to the B.A. degree program and will only be allowed to reapply for the B.F.A. when the above requirements are met.

Transfer Requirements for All B.F.A. Options

Transfer students are eligible to apply for the B.F.A. degree options provided they meet the admissions standards for the B.A. degree in Art & Design as well as those required for the specific B.F.A. option to which they wish to apply. Acceptance into the B.F.A. includes an independent review by the Art and Design faculty of transfer courses and art/design work completed at another institution.

Electives

Select courses to reach a total of 120 credits for the degree.

Degree Requirements

120 credits

40 credits at the upper-level

Upon completion of the Art & Design (B.F.A.)- Studio Option major students will demonstrate:

- Professional presentation of individual art pieces:** Presentation of students' artwork meets professional standards and expectations.
- Skill with materials:** Student artwork demonstrates proficiency with use of chosen media and indicates a breadth of materials experience.
- Skill with concepts:** Student artwork demonstrates competence and understanding of color, line, shape, form, etc. and composition.
- Creativity and originality:** Student work has a unique quality with creative elements, demonstrates risk taking, imagination and innovation.

- e. **Consistency:** Student work has a cohesive and unified quality regarding technical and advanced conceptual issues.
- f. **Artistic maturity:** Subject matter explored indicates artistic development appropriate to senior-level coursework.
- g. **Verbal articulation:** Students will demonstrate ability to articulate the historical, contemporary, and individual contexts of their studio art practices.
- h. **Self-directed studio art project:** Students will demonstrate ability to complete a comprehensive body of self-directed studio work consistent with individual conceptualization.
- i. **Professional exhibition practices:** Students will demonstrate ability to organize and hang individualized senior exhibition project according to professional gallery standards.
- j. **Professional portfolio:** Students will demonstrate ability to assemble a digital portfolio of their artwork according to professional standards.

Upon completion of the Art & Design (B.F.A.)- Graphic Design Option students will demonstrate:

- a. **Research and concepts:** Student work demonstrates ability to problem solve, think critically, and create strong visual concepts.
- b. **Proficiency with typography:** Student work demonstrates strong understanding of typographic form and function.
- c. **Design strength:** Student work demonstrates strong proficiency using the elements, principles, and methodologies of graphic design to produce meaningful visual messages.
- d. **Technical Ability:** Student work demonstrates technical proficiency in the use of professional design software packages.
- e. **Presentation:** Student demonstrates the ability to document the process and products of her/his work in the form of a professional portfolio.
- f. **Knowledge of Graphic Design:** Student work demonstrates an informed understanding of historical contexts of graphic design.
- g. **Independent research:** Student demonstrates the ability to conceptualize, execute, and exhibit original self-directed work.

Upon completion of the Art & Design (B.F.A.)- Art & Design Option students will demonstrate

- a. **Professional presentation of studio artwork:** Presentation of student's artwork meets professional standards and expectations.
- b. **Skill with studio art materials:** Student artwork demonstrates proficiency with use of chosen media and indicates a breadth of materials experience.
- c. **Skill with studio art concepts:** Student work demonstrates competence and understanding of color, line, shape, form, etc. and composition.
- d. **Creativity and originality in studio artwork:** Student work has a unique quality with creative elements, demonstrates risk taking, imagination and innovation.
- e. **Consistency in studio artwork:** Student work has a cohesive and unified quality regarding technical and advanced conceptual issues.
- f. **Artistic maturity in studio art practice:** Subject matter explored indicates artistic development appropriate to senior-level studio coursework.
- g. **Graphic design research and concepts:** Student work demonstrates ability to problem solve, think critically, and create strong visual concepts.

- h. **Understanding of typography:** Student work demonstrates both conventional and unconventional typographic skills.
- i. **Graphic Design strength:** Student work demonstrates an ability to use the principles and elements of graphic design.
- j. **Graphic Design technical merit:** Student work demonstrates technical proficiency in the use of professional design software packages.
- k. **Graphic Design presentation:** Student work demonstrates ability to document work through professional level portfolio of work.
- l. **Verbal articulation:** Students will demonstrate ability to articulate the historical, contemporary, and individual contexts of their studio art projects.
- m. **Self-directed art project:** Students will demonstrate ability to complete a comprehensive body of self-directed studio/graphic design work consistent with individual conceptualization.
- n. **Professional exhibition practices:** Students will demonstrate ability to organize and hang individualized senior exhibition project according to professional gallery standards.
- o. **Professional portfolio:** Students will demonstrate ability to assemble a digital portfolio of their studio artwork according to professional standards.
