

ECONOMICS (B.A.)

This program is on Administrative hold as of Fall 2024. No new students may enroll at this time.

In addition, majors complete three additional economics electives offer at the 300-level. Further, Econometrics (ECON-420 Econometrics) is required, and students are advised to take during their final year of study. Employers value this skill, and graduate programs in economics will expect it. Finally, each major must complete one course in introductory statistics (MATH-141 Introductory Statistics, PSYC-251 Psychological Statistics, or MGT-140 Quantitative Decision-Making) as well as either Precalculus (MATH-112 Precalculus) or Calculus (MATH-211 Calculus I).

If you plan to continue into any graduate program, it is strongly suggested that you meet with a faculty member by your junior year to ensure that you are adequately prepared. Statistics is the only math preparation required if you intend to pursue an M.B.A., law school, or a graduate program in a field other than economics. However, a graduate program in economics will require calculus and linear algebra as well.

This program is on Administrative hold as of Fall 2024. No new students may enroll at this time.

Integrative Studies Requirements

40 credits minimum

Code	Title	Credits	Completed
Major Requirements (40 credits)			
Core Courses:			
MATH-141	Introductory Statistics	4	_____
or PSYC-251	Psychological Statistics		_____
ECON-103	Intro to Microeconomics	4	_____
MATH-112	Precalculus	4	_____
or MATH-211	Calculus I		_____
ISECON-104	Intro to Macroeconomics	4	_____
ECON-204	Intermediate Macroeconomics	4	_____
IIECON-310	Game Theory	4	_____
ECON-420	Econometrics	4	_____
Economics Electives:			
300-level Economics courses		12	_____
Total Credits		40	_____

Certification as a Social Studies Teacher

Economics is an approved major for students seeking Secondary Social Studies certification. Students will need to take the following additional certification requirements:

Dual Major in Education

- Secondary Education

Code	Title	Credits	Completed
Requirements for Certification			
IHHIST-111	Ancient & Medieval World	4	_____
IHHIST-112	The Modern World	4	_____
IHHIST-161	American Encounters to 1877	4	_____
IHHIST-162	American Encounters From 1877	4	_____
ISENST-203	Globalization Culture & Place	4	_____
ISPSYC-101	General Psychology	4	_____
Select one of the following:		4	_____
100- to 200-level Sociology course			_____
ISANTH-110	Cultural Anthropology		_____
ISPOSC-210	United States Politics	4	_____
or ISPOSC-220 International Relations			_____
Total Credits		32	_____

Electives

Select courses to reach a total of 120 credits for the degree.

Degree Requirements

120 credits

40 credits at the upper-level

This program is on Administrative hold as of Fall 2024. No new students may enroll at this time.

Upon completion of the Economics B.A. degree, students will be able to:

- Demonstrate awareness of the assumptions and policy implications of different economic paradigms.
- Demonstrate proficiency in the application of graphical tools and models of microeconomic analysis, including knowledge of trade-offs, incentives, and resource allocation mechanisms in a market economy.
- Demonstrate proficiency in the application of graphical tools and models of macroeconomic analysis mindful of the interconnections between national economies and the global economy.
- Demonstrate the ability to interpret, manipulate and analyze economic data, and will demonstrate the ability to conduct economic research.
