

GERMAN STUDIES MINOR

This minor provides students with an active command of written and spoken German and with a knowledge of historical and contemporary Germany. It is designed to complement programs such as Film Studies, Management, English, History, Holocaust and Genocide Studies, Music, and Education. German minors may elect to study in Germany or Austria during their junior year through the Marburg University, the University of Maine's Junior Year in Salzburg, the Collegium Palatinum in Heidelberg, or other approved programs. Students planning to study abroad must consult with the Global Education Office and German faculty before departure to arrange for program approval and transfer of credit.

New students who have had no prior German should register for IHGER-101 Elementary German I. Students with one or two years of successful high school study or one college semester should register for IHGER-102 Elementary German II. Students with three or more high school years or two college semesters should register for IHGER-201 Intermediate German I. Consult German faculty to find the most appropriate level.
